

## GREY GOOSE L'ORANGE

Every litre of Grey Goose L'Orange contains the natural essence of one kilogram of fresh oranges. The concentrated citrus oil extract gives Grey Goose L'Orange its light and crisp flavour, perfectly mirroring the zest of an orange. Grey Goose L'Orange is made from freshly-picked oranges harvested year-round.

As with the superior bread making wheat used to make Grey Goose Vodka, Francois Thibault insists on only the best oranges to produce the best possible flavour. Essential orange oils from the fresh fruit are mixed with the wheat spirit and distilled to achieve the signature vibrant citrus character of Grey Goose L'Orange.
