

## GREY GOOSE ORIGINAL

To create Grey Goose Vodka, Francois Thibault maintains an unrivalled level of craftsmanship, using only the very finest ingredients. Its signature smoothness and distinct character are the result of an extraordinary passion for spirit making and an unparalleled commitment to the highest possible quality. Each batch of Grey Goose Vodka begins with soft winter wheat grown on farms in and around the fertile Picardy region of northern France. Francois Thibault insists on using only the highest grade wheat - the same wheat used in the finest French breads and pastries.

After the wheat grain is fermented and distilled into a high proof spirit, it travels south to the Cognac arrondissement (region) in France, where it is blended with the remarkably pristine spring water found there.
